

Commercial Cloud Services Microsoft Fact Sheet

Background: On 25 SEP 13, the Defense Information Technology Contracting Organization (DITCO) Contracting Office, in coordination with CHESS and HQDA CIO/G-6 awarded a DoD ELA to Dell Federal Systems to provide cloud services. The Period of Performance for this agreement is 25 SEP 13 to 24 SEP 14 (Base Period), 25 SEP 14 to 24 SEP 15 (Option Year 1), 25 SEP 15 to 24 SEP 16 (Option Year 2), 25 SEP 16 to 24 SEP 17 (Option Year 3), and 25 SEP 17 to 24 SEP 18 (Option Year 4).

The newly established Blanket Purchase Agreement was competed against the previously established General Services Administration (GSA) Email as a Service (EaaS) agreements. By competing the requirement against the GSA vehicle the DoD was able to leverage the past efforts of GSA, while adding enhance terms and conditions and unique DoD security requirements, in a manner that fully leveraged the buying power of the DoD for current and future requirements.

What's included in the Commercial Cloud Services Microsoft ELA?

This BPA standardizes and establishes prices for subscription based licenses providing email, document storage, identity management and unified capabilities as well as records management and digitally signed and encrypted email.
